

Getting Back to Normal

July 26, 2021

We miss seeing you all inside the hospital and we feel that it is finally time for things to start to getting back to normal around here. We have re-opened in a limited capacity.

- ***Office Appointments, Surgery & boarding pickup/drop-offs*** - Our initial plan is to allow for a maximum of 2 people into the exam with their pet. We have a small lobby and exam rooms and would prefer to err on the side of caution. If you are unable to come into the appointment on your own, or are uncomfortable coming into the office, we are happy to continue to provide curbside care.
- ***Tech Appointments, Nail Trims, Sample Drop-offs. Medicine/Food Pick-ups*** - Will remain curbside for the time being.

In accordance with CDC guidelines and regulations, we will follow the recently updated CDC Guidelines pertaining to face coverings. *Fully vaccinated individuals will not be required to wear a face covering in our building. This applies to both clients and employees, Anyone who prefers to continue to wear face coverings please feel free to do so.*

In order to reduce the time spent in the exam rooms, we will continue to ask you to call us 603-895-0618 when you arrive for your appointment and we will then let you know when we are ready for you to come inside (we may come and get your pet beforehand for x-rays, blood draws, and pre-triage work-up if exam room is not yet available).

Clients will not be permitted to wait in the reception area – we will bring you directly into the exam room when we are ready to see your pet.

If you are feeling sick with COVID like symptoms, or have been in contact with someone who is sick, please alert the staff prior to arrival and we will provide curbside service for you to minimize exposure.

Thank you all for your patience and we all look forward to being able to greet you inside our hospital again!

The Staff at Fremont Animal Hospital
